

1. Tape this instruction sheet to the wall in the position in which you want to install the plaque. Use low tack painter's tape and level this sheet using the cross bars.

2. Mark eight (8) screw holes with something sharp for screw positions.
3. Remove the instruction sheet.

4. Install eight (8) anchors if necessary.
5. Install the bottom two (2) brackets (without set screws).

6. Install glass and top brackets (with set screw).
7. Tighten the set screw.
